

Stu Jensen

For Weber County Republican Party Treasurer

I grew up in small town Willard, UT and graduated from Box Elder High School before moving to Ogden. After working for ten years in various blue collar jobs – CDL truck driver, electrician, and landscaper – I am now a returning student at Weber State University working on my bachelor's with plans of graduate school. While attending school I have worked the last five years in the Weber County Clerk/Auditor's Election Department. I have now left the County to be a stay at home dad and finish my schooling. WSU has given me many intern opportunities including the Utah State Senate, the Lt. Governor's office, and WSU University Advancement. I have also had the privilege to serve the party as Precinct Vice-Chair and Delegate for OGD034.

As Treasurer, I will fight for conservative values that I have come to love about our party. I have watched our participation dwindle and as a result our financial capabilities. I believe that we need to get back to what brought many people to the party in the first place. A conservative fiscal policy encourages member participation and fundraising. Members tend not to donate when their dollars are spent frivolously. We have taken many hits over the last few years, but I believe it is merely a messaging problem. Many "unaffiliated" voters still want to be part of the party, but because of our current image are wary to become active members. Let's show them that the Weber County Republican Party still supports freedom of individuals and that their needs are best met through free enterprise, private initiative, and volunteerism.

Sincerely,

Stu Jensen
